Thamer Bin Saud Al Muraibdh Co. Ltd.

In the name of Allah, the
Most Gracious, the Most
Merciful

Chairman's Message

In the journey of life, our destinies were written .. Some of us are destined to be a doctor, a scientist, a teacher, or a merchant .. and everyone becomes what Allah destined for him. Glory ways are not associated with the profession but with insistence, the pace steady, perfect vision, and determination to launch its owner unleashed to reach the highest peaks. Eagle doesn't fold its wings and stop flying as long as there is a summit was not reached. This is my belief depending on Allah and adhering to teachings of Islam and the morality instilled into me since I grew up on the land of the Kingdom. Humbly, I believe that what we have come in our company even though our modest starting would not have been without the help of Allah Almighty and then my parents satisfaction and my determination to overcome all obstacles and advancement after every bump with greater determination until our company Thamer Bin Saud Al Muraibdh Ltd attained prestigious position among the major companies in the field of safety and security solutions on the road to sustainable development. I do not think I have achieved all what I aspire but certainly I am walking on the right path by Allah's help and guidance I consider the paradigm shift that has been in the history of our company will be conveyed by many variables to cope the spirit of the age, whether it's on a human level, or technical , or on the level of services provided to meet our customers wishes and to achieve their aspirations with the highest degree of quality and proficiency.

Thamer Al Muraibith
Chairman

Introduction

Thamer Bin Saud Al Muraibdh Ltd. Company for safety and security solutions has been founded with the objective of being at the top. Vision & Our Concept

Vision

Thamer Bin Saud Almuraibdh Company is committed to provide the highest standards in safety and security services for people and property, and to build up trust zzz through it's professional team and it's relationships with the biggest international companies in the safety and security sector.

Our Concept

Our goal in Thamer Bin Saud Almuraibdh Co. Ltd. is to build a safer environment in the Kingdom of shelter and safety. We try to provide the latest technology in the safety and security sector for people and property. Our goal is to be the leading company in the safety and security solutions in the Kingdom.

Our Services

Arming Glass

against bullets using a new technology which maintains the original glass window and does not add considerable weight to the vehicle that may make it very hard on the vehicle's engine and suspension, which decreases the expected lifetime of the vehicle. It does not allow any bullets from the M16 or Klashinkov or less powerful guns to breakthrough the vehicle, but at the same time it gives the chance for the security man to shoot from the inside to the outside for defending himself.

Fiberglass Armor Board

Board is a structural reinforcement armor system developed for public and private applications. This cost-effective system can withstand multiple hits from small and heavy arms fire. Ideal protection for courthouses, board rooms, banks, safe rooms, hospitals, police stations, shooting ranges, airports, and most critical rooms and buildings.

(Attached with this booklet a video for the test of the Armed Glass and the Fiberglass Boards provided by the Saudi Public Security)
